### Grand Casino LV

You and your team plan to infiltrate Las Vegas's top casino. Use your techniques to break in through the hotel's help desk.

Launch Campaign

### Harvesta Foods

Harvesta Foods Co. has a brand new product coming out soon. You have been hired by a competitor to get ahead of its release.

Launch Campaign

### Shoveling Snow

You've been tasked to shovel snow. Start with the driveway and work your way around the house.

Launch Campaign

### Grand Casino LV

You and your team plan to infiltrate Las Vegas's top casino. Use your techniques to break in through the hotel's help desk.

Launch Campaign

### SEPTIC Inc.

You and your team have identified a weakness in the city's waste management company. Hold it hostage until the city pays you your ransom.

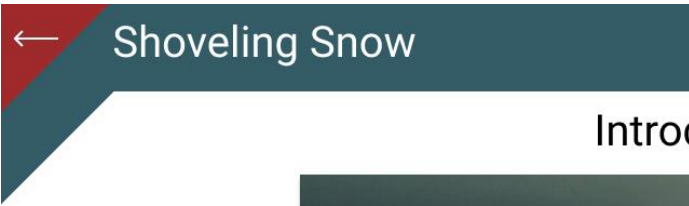

Launch Campaign

### Shoveling Snow

You've been tasked to shovel snow. Start with the driveway and work your way around the house.

### Pretexting

uses a deceptive identity as the “pretext” for establishing trust, such as directly impersonating a vendor or a facility employee. This approach requires the attacker to interact with you more proactively. The exploit follows once they’ve convinced you they are legitimate.

Find out more information using the links below:

- [“What is pretexting?”](#)
- [“What to do when your significant other sends you a breakup pretext”](#)
- [“Why do my pretexts show up as green boxes with some people”](#)

### Baiting

### Email Phishing

### In-Session Phishing

### Voice Phishing (vishing)
